Read these operating instructions carefully and completely to ensure correct and full use of the device.

Read the chapter entitled “Safety” in the operating instructions before you start and follow the instructions for setup and connection.

Information about these operating instructions

Thank you for choosing our product. We hope you enjoy using this device. Read the safety instructions and all other instructions carefully before using the device for the first time. Note the warnings on the device and in the operating instructions. Always keep the operating instructions close to hand. If you sell the device or give it away, please ensure that you also pass on these operating instructions. They are an essential component of the product.

Key to symbols

If a block of text is marked with one of the warning symbols listed below, the hazard described in that text must be avoided to prevent the potential consequences described there from occurring.

- **DANGER!** Warning: risk of fatal injury!
- **WARNING!** Warning: risk of possible fatal injury and/or serious irreversible injuries!
- **CAUTION!** Warning: risk of minor and/or moderate injuries!

Additional information on using the device!

**Safety information**

Operating safety

**WARNING! Risk of injury!**

Risk of injury to persons with limited physical, sensory or mental abilities (for example, partially disabled people or older people with limited physical or mental abilities) or to those without experience and knowledge (such as older children). The device may be used by children over the age of 8 and by persons with reduced physical, sensory or mental abilities or by those without experience and/or knowledge, if they are supervised or have been instructed in the safe use of the device and have understood the dangers that result from it. Children must not be allowed to play with the device. Cleaning and user maintenance must not be carried out by children. Children younger than 8 should be kept away from the device and the mains cord. Do not store any of the packaging material used (bags, polystyrene, etc.) within the reach of children. Do not allow children to play with the packaging material.

There is no right of recourse for lost data or for consequential damage caused by data loss. This product has been designed for use with a PC.

- Follow the safety instructions of the computer which you connect the device to.

**Installation location**

- Set up and operate the device on a stable, level and vibration-free surface.
- Keep the device away from moisture, water droplets and spray, and avoid dust, heat and direct sunlight.

**Package contents**

Check whether all the items in the delivery are present. Contact us within 14 days after purchase if any items are missing. Always specify the serial number when making enquiries.

The following components are supplied with your mouse:

- Mouse
- Documentation

**DANGER! Risk of choking and suffocation!**

Packaging film can be swallowed or used improperly, creating a risk of choking and suffocation. Keep packaging material such as plastic film or plastic bags away from children.

**Device overview**

1. Mouse wheel
2. RMB (right mouse button)
3. DPI selection RW (right wheel)
4. Palm rest lock
5. Adjustable palm rest
6. Volume setting LW (left wheel)
7. TB 1 (thumb button 1)
8. TB 2 (thumb button 2)
9. TB 3 (thumb button 3)
10. LMB (left mouse button)

**Getting started**

- Switch on the computer and all connected peripheral devices (monitor, printer, etc.) and wait until the operating system is fully started.
- Plug the USB connector of the mouse into a free USB port on your computer.
- Drivers are installed automatically.
Operation and technical information

GAMINGMAUS MEDION® X81666 (MD 88666)

Software
- Install and run the software.

DPI settings
- Turn the right wheel to adjust the DPI resolution. The currently selected DPI resolution appears on the screen.

Volume settings
- Turn the left wheel to adjust the volume. The currently selected volume appears on the screen.

Palm adjustment
- You can adjust the mouse to your hand size here.
- Press the palm rest down as shown and adjust the palm rest as desired.
- Release the palm rest lock once the palm rest has reached the desired position.

Cleaning
- Make sure that the device is kept clean. Before cleaning the device, disconnect all cable connections to the PC. Clean the device and all other components with a damp cloth. Do not use solvents, corrosive or gaseous cleaning agents.

Disposal

PACKAGING
Your device has been packaged to protect it from damage in transit. The packaging is made of materials that can be recycled in an environmentally friendly manner.

DEVICE
All old devices marked with the symbol illustrated must not be disposed of in normal household waste.
In accordance with Directive 2012/19/EU, the device must be properly disposed of at the end of its service life.
This involves separating the materials in the device for the purpose of recycling and minimising the environmental impact. Take old devices to a collection point for electrical scrap or a recycling centre. Before doing so, remove the batteries from the device and take them to a separate collection point for used batteries. Contact your local waste disposal company or your local authority for more information on this subject.

Declaration of Conformity
MEDION AG hereby declares that the MD 88666 Gamingmaus complies with Directive 2014/53/EU.
- EMC Directive 2014/30/EU
- RoHS Directive 2011/65/EU.
